S... Seongha ...

Are you alright ?!

Chieftain ! Hurry ! Bring him toward me !

Be quiet if you want to live !

Let her go !

No, chieftain !

Ahhhh

Chieftain !!!

Chieftain ...

W...Why ...

It's been five years ...

I wasted five years of my live in this hellhole to find the fire woman.

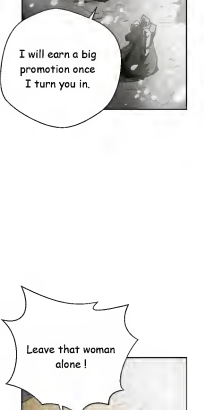
I swear to God that I will get fire back even if it means I have to crack your skull.

I can't believe I left the refugees in your hands ...

Who cares. I wasted five fucking years when my target was right by me all along.

I lost count of how many women I had to send to them.

Why can't anyone be trusted ...

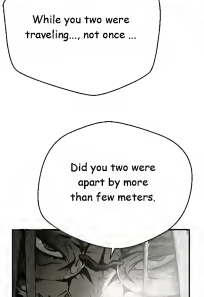


Well..., I shall thank you either way.
I will earn a big promotion once I turn you in.

Leave that woman alone !

Your tongue is still alive and kicking, I see.

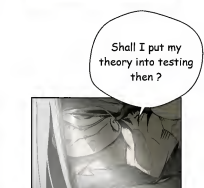
The scouts noticed something very interesting while keeping eyes on you two.
While you two were traveling..., not once ...



Did you two were apart by more than few meters.

Even when either of you had to use washroom ...

.... So ?!
What's your point ?!



Shall I put my theory into testing then ?

Take her away just a little !
Yes, sir !

N... No !

UGH !

AHHHH
ACK !
!!

So, I was right !

That his side effects as an experimental man were being suppressed by something from you.

I will go with you..., so please bring him back to me !

No can do, lass. Too much potential issues, should he become awakened.
Therefore, I prepared a gift for him.

?!!

Ah ? ....

NO !!!
